

**DEPARTMENT OF THE INTERIOR
BUREAU OF RECLAMATION**

Permit Specifications to Cross Shasta Dam

All vehicles and persons traversing Reclamation property are subject to search when entering, leaving, or at any time while on Government property. No traversing between 8 p.m. and 6 a.m.; all visitors are expected to be across the dam by 8 p.m. Access beyond permitted hour will be denied. All use hours are subject to change without prior notice. **All vehicles shall be required to cross the dam without stopping.**

If access for multiple vehicles or people is requested, additional forms with the necessary information must be attached to the permit. Two legible copies (200 percent enlargement) of the driver's license for each person in each vehicle must accompany the permit. Adults (ages 16 and older) who do not possess a driver's license must provide two legible photocopies (200 percent enlargement) of another form of photo identification. Children (under age 16) without licenses are to be accompanied by an adult and are exempt from the photo identification requirement, but their names must be listed on the Shasta Dam Access, Permit Application, Attachment 1.

1. Purpose. The following standard operating procedures shall be used to screen vehicles at the Shasta Dam Security Checkpoints. The purpose of these restrictions is to ensure public safety with respect to the protection of Reclamation lands and facilities. Traffic restrictions at Shasta Dam have been modified to allow permitted access across the dam.

2. Vehicles to be Allowed. Travel across Shasta Dam shall be limited to the following:

a. Passenger vehicles, including light trucks, dually-wheel trucks, van, automobiles, SUVs, and motorcycles.

b. Small trailers may be allowed if the trailer and its contents can be easily inspected to ensure compliance with security procedures.

3. Vehicles Subject to Search. To prevent any damage to personal property, the vehicle operator or its occupants shall be responsible for removing any tarp or cover being used to conceal cargo, including opening doors, boxes, and crates, etc., to ensure that the cargo can be properly inspected to the satisfaction of the officer. Failure to do so shall result in the vehicle being turned away and access denied.

a. Vehicles shall be denied access unless the driver voluntarily gives consent to the checkpoint officer to inspect the cargo/contents of his/her vehicle. Any cargo-carrying type vehicle including pickup trucks with concealed cargo, boxed trucks, van, trailers, etc., shall be subject to inspection. If the cargo cannot be inspected to the satisfaction of the officer, the vehicle shall be turned away and access denied.

Permit Specifications to Cross Shasta Dam

(Continued)

b. All vehicle inspections shall be performed by Reclamation or National Park Service officer, and/or security personnel contracted by Reclamation. Vehicles shall be prevented from crossing Shasta Dam if any of the following materials are detected: hazardous materials, munitions, explosives, and/or anything that may be determined to be a security risk.

4. Vehicle Screening.

a. Each vehicle shall be searched on each pass, coming and going.

b. Each vehicle, driver, and passenger shall be identified and approved prior to access being granted.
